

MCHENRY COUNTY BOARD
MINUTES OF THE REGULAR SESSION MEETING
APRIL 15, 2008

Chairman of the Board – Kenneth D. Koehler (District 2)

District 1 Yvonne M. Barnes Marc Munaretto Anna May Miller Dan Shea	District 2 Marie M. Chmiel James Heisler Kenneth Koehler Lyn Orphal	District 3 Ed Dvorak Mary L Donner Nick Provenzano Barbara Wheeler
District 4 Sue Draffkorn John Hammerand Pete Merkel Sandra Fay Salgado	District 5 John Jung Jr. James P Kennedy Virginia Peschke Tina Hill	District 6 Randall Donley Mary T McCann Daniel P Ryan Mary Lou Zierer

The Honorable County Board of McHenry County, Illinois met in Regular Session on Tuesday, April 15, 2008.

Chairman Koehler called the meeting to order at 7:00 p.m. The Pledge of Allegiance to the Flag was led by County Clerk Katherine C Schultz with Members of the Board, department heads and visitors participating. Mr. Ryan gave the invocation/personal remarks.

ROLL CALL

The roll was called by County Clerk Katherine C Schultz. The following members responded: Hammerand, Heisler, Hill, Jung, Kennedy, McCann, Merkel, Miller, Munaretto, Orphal, Peschke, Provenzano, Ryan, Salgado, Shea, Wheeler, Barnes, Chmiel, Donley, Donner, Draffkorn, Dvorak and Koehler. Absent: Zierer. Chairman Koehler declared a quorum present with twenty-three (23) members responding.

MINUTES

Mr. Heisler made a motion seconded by Ms. Donner to approve County Board Regular Session minutes from March 18th and April 1st. Chairman Koehler asked if there were any changes or corrections, there were none. Chairman Koehler asked for a voice vote, the ayes having it, Chairman Koehler declared the motion passed.

CHAIRMAN'S REMARKS

Chairman Koehler read a letter he sent to the Governor today in regard to the cuts that have been made with the Extension Service and many other agencies that have to do with agriculture. A copy of his letter was given to the board members. Additionally, he asked board members to put together a resolution for the next meeting that would address the fact that we need stable and adequate funding for all of the agricultural issues to be continued and not cut in any way. A correspondence from the Extension office was also read to the board about areas that would be affected by any cuts. On a good note he said he received a fax that says a Cook County judge has ordered Governor Blagojevich to stop enrolling people into an expanded family care program because his unilateral expansion violates state law. Lastly Chairman Koehler commented on and thanked Mr. Sarbaugh and Ms. Kozlowski for the Budget in Brief booklet that they produced. It was well put together and is very easy for the public to read and understand.

SPECIAL RECOGNITION/REPORTS

Mr. Heisler made a motion seconded by Ms. Peschke to approve the following Eagle Scout recognition:

Marius Volkart of Crystal Lake Troop #158
Austin Zarecky of Crystal Lake Troop #158

Chairman Koehler asked for a voice vote, the ayes having it, Chairman Koehler declared the motion passed.

SPECIAL PRESENTATIONS

None

ZBA CONSENT AGENDA

Chairman Koehler asked to pull Exb. #07-68 by request of the Petitioners attorney, it will be brought back next month. Ms. Wheeler made a motion seconded by Mr. Dvorak to approve the following ZBA petitions:

- Exb. #07-79; Nunda Twp; James Porten; reclass A1 to A1CV
- Exb. #07-98; Greenwood Twp; Wonder Lake State Bank; reclass B1 to B1V
- Exb. #08-09; Algonquin Twp; Bradford & MaryBeth Miller; reclass R1V to R1V
- Exb. #08-11; Dorr Twp; David & Neva Liss; reclass A1 to A1C

Chairman Koehler asked for a roll call vote. The following members responded aye: Hammerand, Heisler, Hill, Jung, Kennedy, McCann, Merkel, Miller, Munaretto, Orphal, Peschke, Provenzano, Ryan, Salgado, Shea, Wheeler, Barnes, Chmiel, Donley, Donner, Draffkorn, Dvorak and Koehler. Absent: Zierer. The vote being twenty-three (23) ayes noting one (1) absent, Chairman Koehler declared the motion passed.

Ms. Ehardt told the board that Petition #07-68; Pieroni/Ramon/Northwest Wood Prod., Inc., is null and void after this evening and they will have to start over from the beginning. She said tonight is the ninth month after the ZBA. She said the Petitioner didn't submit to the County Board until well after the ZBA had voted. Chairman Koehler said he thought there might be some confusion which he would like checked into.

Based on this information, Chairman Koehler said we will have to bring this back.

Ms. Wheeler made a motion seconded by Ms. Miller to approve the following petition:

- Exb. #07-68; Alden Twp; Pieroni/Ramon, Northwest Wood Prod., Inc.; reclass of A1C to A1C

Chairman Koehler asked for any discussion.

Mr. Ryan made a **motion to amend** seconded by Ms. Miller to **change the mulch pile height not to exceed limit from 25' to 35'**.

Chairman Koehler asked for any discussion on the motion to amend.

There was some concern about the explanation of spontaneous combustion in the transcripts from the hearing. This is simply from the heat of the mulch and there have been two incidents within the last 10 years that have caused the fire department to spend time out there to put those out. It was asked how the 25' was determined. Ms. Ehardt said there was some discussion at the hearing about the height of the piles. It was pointed out at the hearing that the piles were 30' to 35' high and she's not sure why the ZBA chose to put the 25' restriction on it. She was not aware of any complaints about the height of the mulch piles.

Chairman Koehler asked for a voice vote on the motion to amend to change the mulch pile height not to exceed limit to 35'; the ayes having it, Chairman Koehler declared the **motion to amend to change the mulch pile height not to exceed limit from 25' to 35' has passed.**

Mr. Ryan made a **motion to amend** seconded by Mr. Shea to change the hours of operation **from 6 a.m. to 5:30 p.m. to 6 a.m. to 6:00 p.m. for all operations.**

Chairman Koehler asked for any discussion on the motion to amend.

Ms. Ehardt asked for clarification saying there are three different locations where hours of operation are stipulated in the ordinance and she asked if we were looking to modify the hours of operation for all of the uses, i.e. the mulch operation, the saw mill operation and the pallet making operation. Mr. Ryan said all operations should be the same.

Chairman Koehler asked for a voice vote on the motion to amend, the ayes having it noting a few nays, Chairman Koehler declared the **motion to amend to change the operating hours to 6 a.m. to 6 p.m. has passed.**

Ms. McCann made a **motion to amend** seconded by Ms. Peschke to **change the duration of the conditional use from 25 years to 10 years for the pallet making operation.**

Chairman Koehler asked for any discussion on the motion to amend.

Ms. McCann said 25 years duration was based on the old permit which was from 1982. She said this would be for the pallet making because she believed the other two operations are grandfathered in. Ms. Ehardt responded that the pallet making activity at the present time is the only part of the activity that operates under a conditional use, all other aspects of the use are non-conforming use. The reason that there is a request for the conditional use is to allow them to reconstruct a building, which on a non-conforming use cannot be done. Some members felt that by shortening the time it discourages improvement of the property and could cause issues with financing. Clarification was asked for in regard to the time limit on all of the operations. Ms. Ehardt said they need to bring the non-conforming use into conformance, which is the sawmill operation, right now it operates without a conditional use because the old zoning ordinance did not require a conditional use it was a permitted use in agricultural zoning. The ordinance that exists today requires a conditional use for a sawmill which makes this use non-conforming today. Ms. Ehardt said if this amendment passes it would be 10 years for everything that is covered under this Petition, which includes the pallet making operation. In 1982 it was noted, as a result of the hearings of evidence, there was no recommendation as to granting of a requested extension of a conditional use of the A1 agriculturally zoned parcel for the use of the site as a pallet making operation. Ms. Ehardt said the pallet making was always a conditional use requirement, the sawmill was by right, so this ordinance brings the entire operation into conformance and it will remove the non-conforming status of the sawmill and they will then operate under a conditional use. If they choose to continue to operate without rebuilding the building, they can operate the sawmill with no conditions exactly the way it's been operating. There was some confusion about the Petitioner losing the grandfather status that is on part of the operation. Ms. Ehardt said in her opinion they lose the grandfather status because they are now being brought into compliance under the current ordinance, but this is getting more into a legal question.

Chairman Koehler asked for a voice vote on the motion to amend, the nays having it, Chairman Koehler declared the **motion to amend the duration from 25 years to 10 years has failed.**

Mr. Hammerand made a **motion** seconded by Mr. Kennedy **to table the vote on the main motion until the end of the meeting** so that the Petitioner and/or his attorney can be contacted about voting on this tonight.

Chairman Koehler asked for a voice vote, the ayes having it, Chairman Koehler declared the motion passed.

PLATS

None

PUBLIC COMMENT

Chairman Koehler explained the rules of Public Comment. The following people spoke:

Lee Lexow of Bull Valley	for	Right to Bear Arms
Monica Young of Woodstock	for	Right to Bear Arms
Linda Reiter of McHenry	for	Right to Bear Arms
John Theiss of Oakwood Hills	for	Right to Bear Arms

Noting no other persons wishing to speak, Chairman Koehler closed the Public Comment part of the meeting.

NEW AND UNFINISHED BUSINESS

Proclamation acknowledging the members of the McHenry County Adopt-a-Highway Program during National Volunteer Week in McHenry County

Mr. Shea made a motion seconded by Mr. Kennedy to approve the above-named resolution.

Chairman Koehler asked for a voice vote, the ayes having it, Chairman Koehler declared the motion passed.

APPOINTMENTS

Mr. Jung made a motion seconded by Ms. Donner to approve the following Appointments:

Ethics Commission

Scott Hartman City of Marengo Administrator term to 02/01/2013

Chairman Koehler asked for a roll call vote. The following members responded aye: Hammerand, Heisler, Hill, Jung, Kennedy, McCann, Merkel, Miller, Munaretto, Orphal, Peschke, Provenzano, Ryan, Salgado, Shea, Wheeler, Barnes, Chmiel, Donley, Donner, Draffkorn, Dvorak and Koehler. Absent: Zierer. The vote being twenty-three (23) ayes noting one (1) absent, Chairman Koehler declared the motion passed.

Mr. Provenzano made a motion seconded by Ms. Miller to approve the following Appointments:

Fire Protection Districts

Greg Danielson	Crystal Lake Rural	term to 05/2011
William Yocius Jr.	Fox River Grove	term to 05/2011
William Hartwig	Harvard	term to 05/2011
Robert J Meyer	McHenry Twp	term to 05/2011
Phillip E Bartmann	McHenry Twp	term to 05/2011
Dale Moehling	Union	term to 05/2011

Chairman Koehler asked for a roll call vote. The following members responded aye: Hammerand, Heisler, Hill, Jung, Kennedy, McCann, Merkel, Miller, Munaretto, Orphal, Peschke, Provenzano, Ryan, Salgado, Shea, Wheeler, Barnes, Chmiel, Donley, Donner, Draffkorn, Dvorak and Koehler. Absent: Zierer. The vote being twenty-three (23) ayes noting one (1) absent, Chairman Koehler declared the motion passed.

STANDING COMMITTEE CHAIRMAN UPDATE

Ms. Hill let the board know that Management Services has been considering some of the recommendations from KS&A Campus Plan Group and that they will be bringing forth a recommendation to sell the Banford Road property.

Mr. Provenzano said that we have an opportunity this evening to become the lead agency for 5 or 6 counties to bring state of the art technology into McHenry County and Northwestern Illinois. Being the lead agency this gives us an opportunity to save some money.

Mr. Jung said the Planning Commission met last week and John Heisler from Nunda Twp came to explain the Nunda Open Space Initiative and there was discussion on the open space chapter. He thanked all of the board members that showed up and encouraged them to come to future meetings.

ROUTINE CONSENT AGENDA

Chairman Koehler asked if anyone wished to remove an item from the Routine Consent Agenda.

Ms. Salgado asked to remove 15.2 D(1) and 15.2 F(1).

Mr. Shea made a motion seconded by Mr. Heisler to approve the Routine Consent Agenda with two items removed.

Chairman Koehler asked for a roll call vote. The following members responded aye: Hammerand, Heisler, Hill, Jung, Kennedy, McCann, Merkel, Miller, Munaretto, Orphal, Peschke, Provenzano, Ryan, Salgado, Shea, Wheeler, Barnes, Chmiel, Donley, Donner, Draffkorn, Dvorak and Koehler. Absent: Zierer. The vote being twenty-three (23) ayes noting one (1) absent, Chairman Koehler declared the motion passed.

15.2 D(1) *Resolution opposing the enactment of any state legislation that would infringe upon the right of the people to keep and bear arms.*

Mr. Provenzano made a motion seconded by Mr. Dvorak to approve the above-named resolution.

Chairman Koehler asked for any discussion. Ms. Salgado said that although she is in favor of this resolution, the Board should be cautious about how often we do this because there are many other associations who would like to have the Board voting on a resolution supporting their issues. As this is a very controversial and emotional issue, some are not sure this should be before the County Board. Other board members agreed with this, noting however that this is one of the only ways we have to tell our legislative body how we feel. It was noted that we need to enforce our laws better and perhaps that might help some of the problems that we have. Mr. Provenzano read a statement noting that 74 counties in the state have signed a resolution to this effect and quoted areas from the Constitution and the Oath of Office that the Board swore to support and defend. Ms. Hill asked that we send a certified copy of this resolution to the Governor. Chairman Koehler said this will be taken care of.

Noting no others wishing to speak, Chairman Koehler asked for a roll call vote. The following members responded aye: Hammerand, Heisler, Hill, Jung, Kennedy, McCann, Merkel, Miller, Munaretto, Orphal, Peschke, Provenzano, Ryan, Salgado, Shea, Wheeler, Barnes, Chmiel, Donley, Donner, Draffkorn, Dvorak and Koehler. Absent: Zierer. The vote being twenty-three (23) ayes noting one (1) absent, Chairman Koehler declared the motion passed.

15.2 F(1) **Resolution authorizing adoption of the McHenry County Green Policy**

Ms. Hill made a motion seconded by Ms. Barnes to approve the above-named resolution.

Chairman Koehler asked for any discussion. Ms. Salgado asked about the Green Advisory Committee and who they will be and how they are going to track activities. Ms. Hill responded that the Committee will consist of Peter Austin, Cathy Link, Darryl Moore, Cassandra McKinney and John Hadley. Mr. Austin said all of the details on implementation have not been worked out yet. Initially they are trying to raise awareness and how things are mandated will be determined. Mr. Munaretto said if this becomes a policy of the McHenry County Board we will become obligated to follow the procedures that are outlined in it and it appears to him that it imposes on us a duty to choose green, not respective of the financial consequences. He asked if any work had been done to understand what the financial implication of adopting this policy is, particularly on new construction and our first dollar costs. Ms. Hill said that in No. 4 the policy addresses the financial aspect that he is concerned about and notes that financing shall be considered and budget planning and life cycle cost analysis to achieve the highest rating is encouraged not mandated. Mr. Munaretto noted his concern about adding language about ordinances and resolutions that we already have in place, i.e. water conservation and land preservation.

Mr. Munaretto made a **motion to amend** seconded by Mr. Shea **to delete all references of water conservation and land preservation throughout this policy**; and to **change the first sentence under Purpose to read "This policy states the County Board shall use its best efforts to commit to environmental, economic and social stewardship."**

Chairman Koehler asked for any discussion on the motion to amend. Ms. Hill said she is o.k. with the first sentence change. Regarding the water conservation and land preservation the purpose of this policy are internal operations not for the groundwater movement and land movement out in the County. This was intended for within County operations not reaching beyond Management Services pervuew of the building that we look at. Other board members felt that we should be leaving water conservation and land preservation in the policy.

Mr. Munaretto and Mr. Shea agreed to remove the part of the amendment deleting references to water conservation and land preservation.

Chairman Koehler asked for a **voice vote on the motion to amend which is to change the first sentence in adding wording "shall use its best efforts"**. The ayes having it, Chairman Koehler declared the **motion to amend to change the first sentence has passed.**

Chairman Koehler asked for any further discussion on the main motion.

Ms. Chmiel asked for clarification in Clause #6 where it refers only to Management Services. Assuming Building Projects Committee is going to continue, she thinks that Building Projects Committee should be added as applicable. Ms. Hill said she did not feel an amendment was necessary, we could just **add** "reported to Management Services Committee and **Building Projects Committee as applicable**" in the last sentence of Clause #6. Chairman Koehler said that would be fine.

Chairman Koehler asked for any further discussion on the main motion. Ms. McCann asked if the policy covers implementing a plan to have more wild flowers and prairie plants along road right-of-ways to minimize our mowing of those areas. Ms. Hill responded that this is something that would be looked at by the Green Committee and bring those considerations to Transportation. Chairman Koehler said he believes we have some responsibility to mow those areas, so this would have to be looked into.

Chairman Koehler asked for a roll call vote on the main motion with the amendments made. The following members responded aye: Hammerand, Heisler, Hill, Jung, Kennedy, McCann, Merkel, Miller, Munaretto, Orphal, Peschke, Provenzano, Ryan, Salgado, Shea, Wheeler, Barnes, Chmiel, Donley, Donner, Draffkorn, Dvorak and Koehler. Absent: Zierer. The vote being twenty-three (23) ayes noting one (1) absent, Chairman Koehler declared the motion to approve the McHenry County Green Policy as amended.

ORDINANCES

For Action:

Ordinance amending the McHenry County Stormwater Management Ordinance #O-200401-10-009 adopted January 20, 2004

Ms. Miller made a motion seconded by Ms. Wheeler to approve the above-named Ordinance as amended.

Chairman Koehler asked for any discussion. Ms. Peschke said she understands that NRCS and Soil and Water have a number of things they would like us to look at in this ordinance because this is a complicated ordinance with many changes being made.

Ms. Peschke made a motion to postpone this vote until the next evening meeting.

Chairman Koehler asked for this to be addressed before any motion to postpone is made.

Ms. Miller said at the Stormwater Commission they went over all of the commissioners concerns and after that they invited anyone from the public to address any concerns they had. On that long evening they went over everything that they could address. A couple of days later she received a letter from Ken Fisk indicating he had some concerns and asked if we could have the Technical Advisory Committee look at it again. She said we don't have a Technical Advisory Committee any longer but the Commission has a right to re-establish that but it will be a timely process. At this time the changes that they have gone through were the ones that the state and the feds told us we had to do. Delaying it this evening is not going to effectively address any of the technical things that they would like. Ms. Wheeler added that they talked in P & D about reinstating the Technical Advisory Committee because there were people who had concerns, about 45 days ago or so. She said the changes that the state and feds have made must be put through and the staff is committed to reinstating the Technical Advisory Committee. This will come back again in the next few months or so. Ms. Peschke affirmed that the 8 pages from NRCS will be addressed as part of the process. Chairman Koehler said yes. Ms. Wheeler added that in addition to reinstating the Advisory Committee they are looking to hire a new Stormwater Engineer full time and that will be invaluable in enforcing this ordinance. Mr. Merkel was concerned about passing this and then having to bring it back with more changes in such a short time.

Mr. Merkel made **motion** seconded by Ms. Peschke **to table this Ordinance to June 17th**.

Chairman Koehler asked for any discussion on the motion to table this.

Several members disagreed with tabling this as the amendments have been out there for a minimum of 60 days. The state and federal regulations have to be made now; there is no choice in that. Ms. Ehardt agreed saying we do not have time. After the adoption of the Stormwater Ordinance when it was assumed that the state and the feds had signed off for compliance of our Stormwater Ordinance with the federal insurance rate process and flood insurance for the residents of the County. Its two years later and we just find out that the comments that had been sent from the state to the feds have never been forwarded on to us. Ms. Ehardt said the majority of comments and amendments that have been made to this document, there is no debate as it is a requirement of the state and the feds to pass these amendments and get this Ordinance in compliance to ensure that residents of the County can continue to obtain flood insurance when necessary. The changes are color coded for ease to know who is making these amendments, i.e. state, federal or staff. Staff comments are being made to clarify issues and to ensure that not only are we at the County ensuring that this ordinance is carried out but that the communities that are certified are also carrying it out in the same vane as the County. Ms. Ehardt stated that the other issue that we are dealing with is that we are at the time frame within which all the certified communities are up for recertification. In conjunction to having to do this to meet state and federal requirements and maintain our flood insurance compliance, we are trying to accomplish this in a timely fashion so that the cities and villages can recertify with the most current federal and state regulations to maintain their flood insurance. She said she personally has not received a copy of the comments from NRCS or Soil and Water. The amendments were sent out to all of the certified villages and cities well in advance of this vote and no comments have been received from them. With regard to the Technical Advisory Committee, Ms. Ehardt said it is their intent to reinstate that committee but they are only a recommending body to the Stormwater Commission.

Mr. Merkel asked to remove his motion to postpone, the seconder was in agreement.

Ms. Peschke made a **motion to amend** seconded by Ms. McCann to **pass** the Ordinance with **the federal and state amendments which are mandatory changes** and **postpone the non mandatory changes until June 17th**.

Chairman Koehler asked for any discussion on the motion to amend. Ms. Ehardt said municipalities and villages are recertified every three years and they are slightly over that time pending the adoption of these amendments. By not passing the non-mandatory comments, they will be required to recertify pursuant to any amendments passed this evening and then recertify again in 2-3 months when the other amendments would be approved and that is assuming that there is agreement with the comments that have been made in this document. Many of the staff comments are in an effort to clarify certain sections of the ordinance to ensure that all the agencies are enforcing across the board.

Chairman Koehler asked for a voice vote on the **motion to amend**, being fairly close, the Chairman asked for a roll call vote. The following members responded aye: Hammerand, Heisler, Kennedy, McCann, Merkel, Orphal, Peschke, Salgado, Barnes and Draffkorn. Nay: Hill, Jung, Miller, Munaretto, Provenzano, Ryan, Shea, Wheeler, Chmiel, Donley, Donner, Dvorak and Koehler. Absent: Zierer. The vote being ten (10) ayes and thirteen (13) nays, Chairman Koehler declared the **motion to amend has failed**.

Chairman Koehler asked for any other discussion on the main motion. Mr. Merkel said he felt that Soil and Water needs to be on the advisory committee and he has concerns because he did not get this until late this afternoon.

Chairman Koehler asked for a voice vote on the motion to approve the Ordinance amending the McHenry County Stormwater Management Ordinance, the ayes having it, Chairman Koehler declared the motion passed.

*Ordinance adopting Cable and Video Customer Protection Law
Ordinance establishing cable/video service provider fee*

Ms. Hill made a motion seconded by Ms. Donner to approve the two (2) above-named Ordinances.

Chairman Koehler asked for a voice vote, the ayes having it, Chairman Koehler declared the motion passed.

Chairman Koehler asked to go back to Petition #07-68 and find out if Ms. Ehardt reached the Petitioner or his attorney. Ms. Ehardt apologized to the board saying she was informed on her way to this meeting that this Petition was at its deadline tonight. She did reach their attorney and there are still some issues outstanding as to whether sprinklers are necessary in the building pursuant to building code requirements and that is why they asked to postpone this evening. In the process of talking with him, Ms. Ehardt said she reviewed the Ordinance again and when it was voted on and the board can postpone this for one more month.

Mr. Ryan made a **motion** seconded by Mr. Donley **to postpone** voting on Petition **#07-68 until May 20th, 2008**.

Chairman Koehler asked for a voice vote on the motion to postpone, the ayes having it, Chairman Koehler declared the motion to postpone Petition #07-68 has passed.

ADMINISTRATOR'S REPORT

Mr. Austin reminded the board that McHenry County was declared a disaster following the snow from the 5th and 6th and staff is now compiling all of our extra costs relating to that. He said he has had several good conversations with Congressman Manzullo's office as they were finalizing their request for the Interior Appropriations Bill, and they are going to make a request to continue funding our Groundwater Protection Program. Mr. Austin said the Strategic Planning Committee met last Friday and reviewed updates to our website that's tracking the progress on strategic initiatives. Finally, Mr. Sarbaugh said the Budget in Brief is ready to be handed out if anyone wants them.

EXECUTIVE SESSION

None

COMMUNICATIONS

None

COMMENTS

Ms. Peschke said a picture of her appeared in the Milwaukee Chinese Times and wondered if anyone spoke Chinese so she could read what was written!

Mr. Merkel commented that the Budget in Brief was excellent and wondered if it would be going on the web. Mr. Sarbaugh responded that it would be there shortly. Also Mr. Merkel suggested getting a copy to the press.

McHenry County Board Regular Session
Tuesday April 15, 2008
Page: 8

ADJOURNMENT

Ms. Chmiel made a motion seconded by Mr. Ryan to adjourn at 9:05 p.m. Chairman Koehler declared the motion passed on a unanimous voice vote.

Dated and approved at Woodstock, Illinois this 6th day of May, A.D., 2008.

S/ KENNETH D KOEHLER
Kenneth D. Koehler, Chairman
McHenry County Board

ATTEST:

S/ KATHERINE C SCHULTZ
Katherine C. Schultz, County Clerk
