McHenry County Green Team

McHenry County's Green Team met for the first time this past Thursday, July 10th. The Green Team is comprised of representatives from McHenry County Administration, Purchasing, Facilities, Human Resources, Transportation, and Planning and Development. This committee is an initiative set forth by the McHenry County Board through its "Green Policy."

The purpose of the policy states "the County Board shall use its best efforts to commit to environmental, economic, and social stewardship through green practices for County facilities, buildings, supplies and services."

The Green Team will work to develop ways for the County to be more environmentally conscious through its practices and energy usage. The Green Team will also work with communities and organizations to further the conservation of McHenry County for the years to come.

To learn more about the Green team or green practices, please visit the McHenry County Green Pages by going to www.co.mchenry.il.us and clicking on "McHenry County Green Pages" under Announcements and Events. For more information, contact Adam Lehmann at 815-344-0309.
